

OSI WOOD - Conference chair

OSI WOOD is one of the most popular models of conference chairs. The backrest and seat are wide, properly profiled and made of the beech plywood. OSI WOOD is available with the armrests and a fold-out desktop. OSI WOOD chairs are dedicated especially for the use in conference and training rooms, offices and shops.

The model is available with plastic backrest and seat [OSI PLAST](#), with upholstered seat and backrest [OSI](#), but also with the upholstered seat and the backrest made of black perforated plastic [OSI PRIS](#).
